## KILLING MYSTERY DEEPENS

Couple Freed After Grilling Before Probers

NEW YORK.—(By United Press.)—Victor Von Schlegel, divorced husband of Viola Krauss, a member of the party with Joseph B. Elwell, a few days before the wealthy whist expert was found murdered in his home here last Friday, was questioned by Assistant District Attorney Joyce early Tuesday.

Von Schlegel, who was one of the men sought by the police since the crime was discovered, gave himself up late Monday night. He was questioned until 5 a. m. Tuesday and then was allowed his freedom. He was to be called again later Tuesday.

The man who was questioned in the home where Elwell was found murdered in another room, his former wife, Miss Krauss, was questioned at the same time regarding her knowledge of Elwell's activities.

During the examination it developed the party held the eve of Elwell's death was in celebration of the divorce obtained by Miss Krauss. Besides Miss Krauss and Elwell, Mr. and Mrs. Walter Lewinsohn attended the party. Mrs. Lewinsohn is a sister of Miss Krauss. The Von Schlegels have been separated for years.

SEEK AUTHOR OF NOTE  
Von Schlegel is an official of the United Rubber Manufacturing Company. For days, detectives have tried to reach him at his home and at his offices in the Equitable Building. Von Schlegel said he had been out of town on business since Tuesday. He said Elwell had left his wife and 16-year-old son, both of whom lived separately from him, without a share in the estate. The money will go to his aged parents, according to his will. Mrs. Elwell declared she was determined to secure a share of the large estate for her son and intends to contest the will.

Police Tuesday sought the author of a note found in Elwell's rooms, signed "Clara." It was written on stationery of the Hotel Biltmore and the writer said she would like to see Elwell before she left the city. The note was delivered the day before the crime was committed.

Other articles, such as pictures which might give a clue as to whom his women friends might have been, also were carefully destroyed, authorities said. They believed Elwell had made away with the letters and pictures to avoid embarrassing situations which might arise.

Attorneys informed authorities that Elwell recently asked his wife from whom he had been living apart many years, to obtain a divorce but she had refused. They said they understood Elwell wished to marry again in case he could obtain a divorce.

Mrs. Elwell's attorneys said they had recently approached Elwell to settle a lump sum of \$50,000 on his wife and son instead of paying the \$275 monthly which he had been paying under terms of the separation agreement. Elwell refused, they said, saying he did not have \$50,000.

Under a \$300,000 trust fund created by Elwell, \$8,000 of the yearly income was paid to him and the other \$2,000 to his parents. This was an irrevocable trust, started, it is believed by officials, as a safeguard, in case he should encounter a heavy losing streak at gambling.

MURDER STILL A MYSTERY  
NEW YORK.—(By Associated Press.)—Every man who has been eliminated, Mr. Joyce said after concluding his interview with Von Schlegel, "will our clues so far have led only to blind alleys and we appear no nearer solution of the mystery than on the day of the murder."

Mr. Joyce said Von Schlegel was supposed to learn that the party on the eve of Elwell's death was in celebration of the granting of Mrs. Von Schlegel's final divorce decree. He attended the party, he said, with another woman.

Early Friday morning, Von Schlegel said he left for Atlantic City on business and while there he learned of the tragedy thru the newspapers.

## FARMERS AGAINST G. O. P. ACTION

WASHINGTON.—(By Associated Press.)—Benjamin C. Marsh, secretary of the Farmers' National Council who clashed with members of the resolutions committee of the Republican national convention last week when he attacked the transportation act as "un-American," issued a statement here declaring that "the section of the Republican platform on agriculture does not contain a single declaration to reassure the farmers of America."

The Republican platform, Marsh said, "recognizes several existing evils in farming conditions, but does not pledge action to justify them." "The platform naturally endorses the transportation act and legislation to turn the people's ships over to the British and American shipping interests," Marsh added. "These two measures jointly will spell financial loss and perhaps disaster for hundreds of thousands of farmers."

## WOMAN IS ARRESTED AS SLAYER OF HER HUSBAND

LOUISVILLE, Ky.—(Associated Press.)—Arrest Monday night of Mrs. Rosa Adcock, charged with murder of her husband, James Adcock, in a shooting, surrounded by a crowd of onlookers on May 31, after which the coroner's jury held that he had committed suicide. Besides Mrs. Adcock, a 19-year-old girl, the police arrested Mrs. Grace Jeffries, her sister, and Newton Sloan, her father, charged with being accessories.

Also was said, the police declared, that Sloan struck Adcock with his fist and then threw stones at him when he ran from the Adcock home after being shot. Mrs. Adcock died two days later stating that he had shot himself. Neighbors, however, said, according to the police, that they overheard Adcock plead while running through the streets, to not let "her shoot me again." Mrs. Adcock is said to have followed her husband into the street, where Sloan took a revolver from her.

## PUBLIC WORKS TO BE EXPEDITED

Commerce Committee Urge River Improvement First

At a meeting of the committee on commerce of the Lima chamber of commerce Monday committees were appointed as follows: Taxation, John A. Harley, chairman, S. S. Fehel and Chris. J. McCune; River Improvement, Allen L. McNeany, W. C. Bradley, Andrew DeCurtin, R. J. Plate and L. Jones; Dr. George Hall and Ralph W. Austin; Metcalf at Vandalia, F. T. Culbert, Ben F. Thomas, Emmet Curtin, A. L. McNeany and F. D. Carpenter.

The main-street improvement committee was completed by the appointment of E. T. Mitchell as chairman, A. L. McNeany and Mack Altschul. Other members of the committee are J. T. Waufman, John Boose, B. A. Gramm and Henry Wemmer.

The work of the river improvement committee is rated by the program of work committee in their recommendations to the board of directors, as the most important to be considered by the chamber, due to the fact that the health of the entire city is menaced by the poor sewage disposal system and the lack of improvement of the Ottawa river.

The Metcalf-street viaduct committee, according to Secretary Lincoln will attempt to bring about a conference of the officials of the O. E. and the Lake Erie and Western railways and the county commissioners for the purpose of hastening the construction of a viaduct over the L. E. and W. tracks at Metcalf-st.

## AUTO PARKING IS CHANGED

Police to Stop Bicycle Riding on Sidewalks

Automobiles will be parked on the north side of High-st from West-st to Central-ave on and after Wednesday, June 16.

Chief of Police Roush in making this announcement said the change is being made to prevent the street from becoming worn unevenly. "The wood block paving, especially is being worn much lower on the north side from continual traffic than the south side which cover has been used for parking," the chief said. "Special police will be detailed to instruct motorists until they become acquainted with the change in rules," he continued.

A crusade against bicycle riding on the sidewalks is also to be started, it was announced. This violation of city ordinance is to be taken firmly in hand by the police and bicycle riders are warned that all violators will be arrested in the future and brought into the criminal or juvenile court.

## PRIMARY PLAN IS GIVEN JOLT

Old Guard Conference at 3:11 A. M. Overrides People

## EASTERN MAGNATES THERE

Combine Breaks Promise on Vice Presidency

(BY DAVID LAWRENCE)

CHICAGO.—Daugherty-made a mistake. Three months ago as campaign manager for Warren G. Harding he predicted that about 2 1/2 a. m. "in a smoke-filled room" on a certain night during the Republican national convention, the next nominee would be chosen. His mistake was on the time—it was 3:11 a. m.

The conference will go down in the history of politics as the final breakdown of the American primary system so far as selecting presidential nominees is concerned. Senator Harding had carried his own state in the primaries only with the greatest difficulty and did not figure prominently in the nominating campaign in any other state. Messrs Wood and Johnson carried many a state but were side tracked by the leaders of the Republican party and Mr. Harding was chosen because he was the only man upon whom an agreement could be reached.

Many a prominent man was present at the fateful conference. Representatives of all the candidates were on hand; several senators, managers and friends. Col. George Harvey had the historic room together with Thomas W. Lamont of J. P. Morgan & Co. Will Hays, the national chairman and several of the national committee men were there too.

Everybody had the feeling that a president was being chosen for the expectation of victory in November was sure. It was the plan of the Old Guard to nominate Lowden but the Missouri expose on campaign expenditures together with the threat of Hiram Johnson and Senator Borah of opposition to this ticket prevented the Illinois executive from getting the prize. Really, Senator Johnson vetoed both Lowden and Wood and the leaders of the party fled up on Harding as the most unobjectionable of all the dark horses mentioned. Of course, if Johnson had consented to run for vice president with Knox, the junior senator from Pennsylvania today would be the Republican nominee. Word was sent to Senator Johnson during the early hours of the morning asking him to go on the ticket with Knox but he absolutely refused. So the Old Guard decided on Harding.

Talks about going the rounds about the dark horses held in reserve. There seems to be no question about the fact that Senator Penrose would have made a drive for Knox at the psychological moment if he could have done it. And there is a well substantiated story that friends of Will Hays had it all fixed up for him. Indeed, this convention was really a struggle between members of the national committee and the senatorial group as they knew Kansas took charge of things during the middle of the week and put through a man of their own choosing from the United States Senate.

## OLD GUARD BROKE PENROSE

Old Guard strategy went wrong in only one particular. Word was first sent to the Kansas delegation that if twenty votes were swung to Harding, Governor Allen would be made vice president. And Kansas swung into the Harding column. Folks gasped with surprise as they knew Kansas didn't like Republican conservatives as well as Republican progressives. But that was the promise and being loyal to Governor Allen the delegation swung to Harding. Then came along another group and insisted that Senator Lenroot be the vice presidential nominee and after Kansas had voted, word was sent again to the Kansas delegation that it was deemed best to name the Senator from Wisconsin for reasons of party expediency. Senator McCall McCormick made the nominating speech for Lenroot but even the Lenroot boom was deflated suddenly, this time by no wish of the Old Guard.

Somebody in Oregon nominated Coolidge. Alexander Moore jumped to his feet and seconded it in behalf of Pennsylvania. A thrush the day the 76 votes from Pennsylvania had been watched as the key stone of the convention itself. The delegates believed it must be the wish of Penrose. It wasn't. But in the confusion and in the desire to get the convention over with, delegation after delegation voted for Coolidge.

PROGRESSIVES LINE UP  
As usual there were expressions of disappointment over the selection of the presidential nominee. Progressives talked bitterly for a few hours after the choice was made but already they are beginning to be converted. The situation is best illustrated by an incident in the lobby of the Elcom hotel today when a woman, who had supported the candidacy of Leonard Wood, remarked: "Well, I am not reconciled yet."

"Ah, that's why we have conventions in June and not September," answered a Republican editor who is himself a progressive.

The fact is there are probably more Republicans who dislike the Wilson Administration or anything that savors of prolongation of it than there are progressives.

## CHIEFS ARRIVE AT FRISCO

Democratic Leaders Prepare for Convention Opening

SAN FRANCISCO.—Vice-President Thomas Marshall was expected to arrive here Tuesday to assume leadership in the national administration fight to have the Democratic national convention adopt the league of nations. Chief opposition was expected from William Jennings Bryan, inclined to reservations.

Marshall was enroute here from Nevada by automobile and is due Tuesday night. His arrival was expected to revive talk of "Marshall for president."

Senator Robert Owen of Oklahoma, was the first candidate for the Democratic presidential nomination to arrive here Monday night, to give the speech Monday night, declaring that he "will not be dictated to by bosses."

Others who arrived Monday were Wilbur W. Marsh, treasurer of the Democratic national committee and national committeeman from Iowa, and E. H. Moore, campaign manager of Governor Cox.

Five of the national committees sub-committee on arrangements, chairman Homer Cummings; Bruce Kremer, of Montana; E. G. Hoffman, of Indiana; H. P. Quinn, of Rhode Island, and Charles Boeschenstein of Illinois, were here Tuesday.

## HARDING TO STAY IN SENATE

Won't Retire Till March 4—Fears Democratic Successor

WASHINGTON.—Warren G. Harding, the Republican presidential nominee, does not intend to retire from the United States senate until his term of office expires on March 4.

"There is no possibility of that," Senator Harding declared when asked whether he would resign from the senate immediately. "I do not intend to resign, but intend to serve my term out. Why shouldn't I?"

"I do, however, intend to withdraw my position filed last week in Columbus giving notice that I would be a candidate for re-election to the senate. That will be done this week."

Senator Harding's friends explained that for him to retire from the senate would mean the resignation of control held by the Republicans there as his retirement would enable Governor Cox of Ohio to appoint a Democrat in his place. They also said that should the Senator be elected president in November he could certainly serve in the senate as he would not be inaugurated until his term as senator expired on March 4.

## SACRIFICES A FOOT TO SAVE HIS LIFE

CLEVELAND.—Alex. Kemmery, 13, sacrificed a foot to save his life here Monday when the foot was imprisoned in a trap at a railroad crossing.

"I saw the trap coming and I couldn't get my foot out, so I just laid down," he told physicians at a hospital.

The last physician mangled the ankle and the boys finished the job of amputation.

R. R. EMPLOYEES REJECTED  
VIOLENCE.—A request from striking railroad employees for recognition and aid from the United Labor Congress here has been refused on the ground that their organization is contrary to a F. O. E. rule. It was announced by officials of the congress.

## HELD FOR RECEIVING AND SELLING STOLEN BONDS WORTH \$30,000

NEW YORK.—Benjamin Silverman arrested charged with having received and sold securities valued at \$30,000, alleged to have been stolen from a Wall street broker. Police say the securities were recovered in Providence, R. I. ## PLATFORM COLDLY RECEIVED

G. O. P. Declaration of Principles Brings No Enthusiasm

ATTACKED FROM ALL SIDES

Rank and File of People Turn Eyes Toward Frisco for Relief

(By J. W. FISHER.)

Political affairs in country, state and nation are rapidly drawing to a focus. The Republican national show has been held and the party leaders have their ears to the ground for the purpose of catching the echo of the big noise in Chicago.

They are anxious to know just how the Harding and Coolidge nominations will "set" with the folks who have the goods to deliver in November in the form of votes. In addition to the Republican politicians who are awaiting the verdict of the people in the first outburst of approval or disapproval of the Windy City results, newspaper and press representative too are on the alert to note the expression of sentiment.

Democratic leaders also are scanning the political horizon, to note the effect of the G. O. P. action on the rank and file of the electorate. The results thus far are a peculiar mixture of approval and disapproval. Ohioans, Republicans and Democrats alike cannot help feeling a certain amount of pride over the fact that more the leaders of the Republican party called upon Ohio, the "Mother of Presidents," for a candidate. That Warren G. Harding was an opportunist, is so thoroughly established and so generally understood that there is no occasion here for comment along that line.

It is even thus soon admitted by the G. O. P. that more than on former occasions, the nomination at Chicago, a fact that became patent before the gavel fell on the first day of the convention. Under the circumstances, the leaders could do nothing else save turn up on the Ohioan. His campaign was not of a sensational character and the effort probably cost him less money than was spent by a half of Wood, Lowden or Johnson. The investigation that rendered impossible the choosing of Wood or Lowden, which was played up, added to the limit by and in behalf of Hiram Johnson, started a backfire, coupled with charges of racialism, that crept up from the rear and "consumed" the Californian.

The same lack of spontaneous enthusiasm that attended the Republican convention from start to finish is now prevailing since the Harding combination has been flashed upon the public. The sentiment cropping out is peculiar. Folks are talking. They are asking questions. They want to see and read and recognize the Republican platform. Popularity of the candidate isn't sufficient. The voters want to know what he stands for; what he and his party intend to do if successful at the polls. Labor is already asking its little "piece."

The farmers will reject the platform. The Chicago platform has made no hit with the men who toil. It offers them nothing.

If the situation in Lima may be taken as a fair sample, there is no questioning the fact that the failure of General Leonard Wood or Senator Hiram Johnson to land the nomination is disappointing to large numbers of Republicans. They know not which way to turn. There is no enthusiasm in them. The doubt if Harding can carry Ohio. There is firmly fixed and deeply rooted in the minds and hearts of scores upon scores of Lima and Allen-c Republicans that Governor James M. Cox as the Democratic nominee would wrest Ohio from Harding. In fact, many have already stated that if Cox is nominated they will vote for him. And since it is a well established fact that Ohio is to be the real battle ground of the national jam-boree, the knowledge that the party which wins must carry this state, produces a situation that is unusual, particularly since Governor Cox is conceded to be the logical candidate of Democracy.

The Harding nomination has created no real enthusiasm, so far as it is apparent now. It is generally accepted as having been "the only thing they could do," or "under the circumstances they couldn't do anything else." Talk of a third party has not been altogether stifled, by any means. Senator Robert M. La Follette of Wisconsin now threatens, also, the coronation of principles which he would probably set forth and, as his successor, Prince George would likely be looked upon as a radical even by Johnson and his group. And what Johnson will do between now and the fatal day set down for the windup of the contest in November is unknown. Johnson forced a platform half way to his

## INDORSE OHIO MAN FOR PRESIDENCY

Switch From Marshall to Buckeye Candidate's Support

## CAMPBELL STARTS BOOST

Former Executive Says Governor Can Capture State

FRENCH LICK, Ind.—(By United Press.)—Presidential aspirations of Governor James M. Cox, of Ohio, Tuesday were believed to have received the endorsement of Charles Murphy and Governor Smith, of New York, and Thomas Taggart, Indiana Democratic leader. The three Democratic leaders here were reported preparing to back the Cox boom at the San Francisco convention.

They had declared for the candidacy of Vice-President Marshall, according to reports. Marshall's determination not to make the race causing the change, it was said.

## LETTER BOOSTS COX

COLUMBUS.—(By Associated Press.)—Now that an Ohioan has been chosen the standard bearer of the Republican party, Ohio Democrats are redoubting their efforts to obtain another honor for the Buckeye state by having Governor James M. Cox selected by the San Francisco convention as the one to carry the standard for their party.

No sooner had Senator Harding's nomination been assured than former Governor James E. Campbell, an Ohio delegate at large to the Democratic national convention, began preparation of a circular letter to all Democrat delegates setting forth why Governor Cox should be nominated at the San Francisco convention.

"Governor James M. Cox can carry Ohio. What other candidate can match this certainty with even a probability," the letter declares. Ohio Democrats are convinced that the nomination of Senator Harding by the Republican party placed Governor Cox in a strategic position from which it will be hard for any other candidate to dislodge him.

The letter in part follows: "I trust that you will not consider this letter as an unwarranted intrusion. My excuse for writing to you is that I am a delegate at large to the San Francisco convention and eager, as you doubtless also are, to nominate a candidate who can be elected."

"The letter in part follows: 'I trust that you will not consider this letter as an unwarranted intrusion. My excuse for writing to you is that I am a delegate at large to the San Francisco convention and eager, as you doubtless also are, to nominate a candidate who can be elected.'

WRITER INTRODUCES SELF  
"Let me introduce myself by stating that I was the Democratic Governor of this state 30 years ago, having defeated the late Senator Joseph B. Foraker, and that I have been an active factor in Ohio politics for more than half a century."

"I have had an intimate acquaintance since childhood with James M. Cox, our present Governor. Our birthplaces are but four miles apart. I have scanned his private life and public career more vigilantly than that of any other living man, and what I now say to you comes from my heart, as I have for him not only the highest admiration, but also deep personal affection."

## WORK IN CONGRESS CITED

"Having served two terms in Congress, he combines both legislative and executive experience, and with these combined viewpoints, doubts would achieve such measure of harmony between the two branches of Government as would aid in the statutory furtherance of party policy."

"His remarkable success and his unparalleled popularity can be traced to three primary sources:

"1. He passed his youth in the compelling drudgery of the farm and, at the present time, owns and cultivates two large tracts of land. He has an exhaustive practical knowledge of the means by which, thru legislation, agricultural production may be fostered and farm life made attractive. Therefore the farmers believe in him."

"2. He owns and conducts two influential daily papers and is associated financially with other industries. Consequently he is able to deal intelligently with any proposition that might affect the 'business interest,' and the business men of the state are his friends."

"3. He acquired every dollar of his property by diligent industry—having been born the typical 'poor boy' of American life—and, therefore, can dispose of vexatious labor problems not only wisely and justly, but also with that knowledge and sympathy which can be learned only in the 'school of hard knocks.' The working men realize this and trust him implicitly."

## RUMANIAN PRINCESS TO WED GREEK PRINCE

LONDON.—Princess Elizabeth, eldest daughter of King Ferdinand and Queen Marie of Rumania, is betrothed to Prince George of Greece, brother of King Alexander of Greece, according to newspapers here.

When King Constantine of Greece abdicated on June 11, 1917 and quitted Greece, he was accompanied by his oldest son, Prince George, and designated his second son, Alexander, as his successor. Prince George was born July 7, 1890. Princess Elizabeth of Rumania has been reported to have been betrothed to a number of European princes in the last two years, but rumors that she was to marry Prince George of Greece have been the most persistent of these reports.

## PRIMARY PLAN IS GIVEN JOLT

(Continued from Page One)

are Republicans who dislike Warren G. Harding. Slowly the disappointment will be worn away by process of political attrition that make for solidarity in most campaigns. It is too early to say what Hiram Johnson will do. He will not, though, but the ticket. He will probably do his share in stumping California but he probably will not go elsewhere. He is known to be deeply disappointed but far from bitter over the result. He will be regular but he will make little effort to win judgment to do better his own strength to the Republican ticket, the strength which he marshaled in the primaries. For one thing, he couldn't deliver it because of moments of confusion, the Republican resolutions committee omitted from the platform a plank sympathizing with the cause of Irish freedom. Many of Johnson's followers were Irish-Americans. The Democrats will probably insert an Irish plank and hold many of their Irish votes.

**G. O. P. CONFIDENT**  
The Republican managers, however, are confident that this will not affect their chances for success in November. They are as sure of victory as if inauguration day were tomorrow. The campaign will be an old fashioned one. Delegations will be brought to the new shrine in Marion Ohio, just as they used to come to the veranda of the McKinley home in Canton, Ohio. But there is this difference—Warren G. Harding makes a splendid speech and a fine impression. He need risk nothing in going out on the stump. He is a dignified, statesmanlike individual who really looks like a President.

Among Lima young men who are students at St. Mary's Seminary, Cincinnati and who have arrived home for the summer vacation are: William Kilbride, Edgar Choney, Walter Gooney, James Doyle, Raymond Gorman, Gerald Dunn and Robert O'Connor.

Thousands of grateful users of D. D. D. have written to tell of the wonderful relief it gave them—even one application completely dispelled itching and burning. Why not try D. D. liking at least, but that was one of the things that kept him outside the possibility of nomination. Harding was the beneficiary of the senatorial and reactionary control of the convention and which threw to him on the rebound the nomination after circumstances developed that rendered it impossible for Wood, Lowden or Johnson to pick the plan.

So far as has become apparent, the leaders of the G. O. P. have no real encouragement. The wild huzzas that were expected to attend the flanking of the name of Harding over the country were not forthcoming. They are dismayed over the lack of enthusiasm. Folks want to see the platform first. And seeing it, they are not impressed. Hence, enthusiasm is cooled.

In a measure, Harry Daugherty's prediction of the Republican nomination being chosen in a back room, at about 2 a. m., after the delegates were tired and ready for anything, came to pass, which indicates that the Harding selection may have been coldly calculated and positively fixed many weeks before the convention.

But in those latter days the Republicans no longer adhere to the belief that they can win with a yellow dog. In reality, they are genuinely frightened. Success or failure is dependent upon the action of the Democratic convention in San Francisco. The people of the United States, it was positive platform pronouncements, coupled with strong candidates. They demand something

more than meaningless platitudes. During the next two weeks all eyes will be focused on Democratic action more and more. The people look to the party of Jefferson to give them the things which the G. O. P. has denied. No greater opportunity ever confronted the Democratic party. Will the leaders recognize it? What is done in San Francisco will decide whether the Republican party will again arise Phoenix-like or whether it will be buried forever.

## PLAN WEST AS BATTLEFIELD

Main Republican Headquarters To Be in Chicago

HARDING PREPARES SPEECH

Will Take Vacation and Meet Party Leaders

CHICAGO. (By Associated Press.)—Chairman Will H. Hays, completely his conference with western leaders of the Republican national committee Tuesday and departed for his home in Sullivan, Ind., from where he will go to

Washington shortly to meet with Senator Harding and the committee headed by A. T. Hef, which will make the arrangements for the formal notification of the candidate of his nomination.

It was emphasized by western leaders at the conference here that the territory west of the Mississippi will be the battle ground of the presidential election. Clarence Miller, secretary of the national committee, advocated the establishment of the main Republican headquarters in Chicago instead of New York. Chairman Hays expressed his desire to spend the greater part of his time here, giving special attention to the western campaign.

**PREPARING HIS SPEECH**  
WASHINGTON. Senator Harding, the Republican presidential nominee, said he hoped to wind up matters pertaining to his senatorial duties by the end of the week and

then take a brief vacation before returning to his home at Marion, O., where he will be formally notified of his nomination.

The Republican nominee, however, does not plan to reach Marion much before July 1. During his vacation he will confer with Chairman Hays of the Republican national committee and other Republican leaders and prepare his speech of acceptance. He has not decided where he will spend his vacation. Senator Harding planned to spend another busy day Tuesday, although no political conferences had been arranged. He had invited newspaper men to meet him, and Leslie A. Shaw, former secretary of the treasury was to call on him at his office at the Capitol.

**PORT CLINTON.**—Harry Brown charged complicity murder of John Boss, Cleveland detective last sentenced to imprisonment in penitentiary.

**COLUMBUS.**—C. W. Sample, proprietor of malt company, acquitted by federal court jury with acquittal for making intoxicating liquor. Court rules that liquor sold in two different packages did not constitute compound.

## DOESN'T FEAR G. O. P. CANDIDATE

Mexican Leader Sees Continued Peace With U. S.

MEXICO CITY. (By United Press.)—Peaceful relations between Mexico and the United States will continue regardless of policies that may be pursued by the next American administration, officials of the revolutionary government declared Tuesday in discussing the nomination of Senator Warren G. Harding as presidential candidate of the Republican party.

General Alvaro Obregon, who engineered Carranza's overthrow and who holds a dominant position in the present Mexican regime, said he believed Harding to be a friend of Mexico, adding that election of the Ohio senator would be favorably received below the Rio Grande.

"I am aware of the opinion of many Mexicans that a Republican president of the United States would

pursue a more vigorous policy toward Mexico than a Democrat," Obregon said. "Personally, I don't take this view seriously. It is quite true the Republicans have some leaders who are fiery in their view toward my country, but I do not believe these sentiments will prevail among the more level-headed Republican leaders. A Republican policy toward Mexico will be dictated in the last analysis, by American public opinion and I am confident the American people desire to live in peace with this republic."

arrangements in children, quite as well as he knows the great necessity for and the value of operations for the removal of adenoids and enlarged tonsils in children. I understand that arrangements in children, I understand that such operations are too often ill-advised. For instance, he thinks it is shameful that some communities persons so incompetent in the art of diagnosis as to be permitted to advise and to be presumed to be too poor or too ignorant to have medical advice, or to remove tonsils or adenoids removed. No school teacher and no nurse is qualified to do so. The opinion of a school teacher or a nurse as to whether adenoids is absolutely worthless and should never be taken seriously by any parent. There is no outward sign, appearance or expression characteristic of the presence of thickened adenoid hypertrophy or diseased

My father is not the only doctor who has been alleged adenoid hypertrophies subjected to operation when there is no hypertrophy (overgrowth) of the tonsils. I have seen the adenoids found in the very clinic where he has seen these mistakes is not the only clinic where little school children have been rushed ill-advisedly to adenoid operations prescribed by unqualified persons. Father says I will have me operated on every time I have a cold, or the removal of tonsils, but first he will see or feel the adenoid enlargement or have a better doctor to see or feel it.

As I have already explained, when had nothing at all against fresh air, the weather, exposure, dampness and cold, and the removal of tonsils. Hence my tonsils and adenoids never bothered me any. Likewise, my ears remained quite well, thank you. The ears are just part of the breathing apparatus you know.

# YOUNG JEW NEW BRITISH LEADER

Lately Unknown Now Important  
In Coalition  
LOYAL TO LLOYD GEORGE  
Is Hailed by Admirers as Second  
Disraeli

LONDON. — When Lloyd George appointed Sir Philip Sassoon, M. P. his chief private secretary some time ago, political and club circles wondered why the prime minister chose this little-known youth as one of the most important members of his political household.

Today Sir Philip stands as one of the most prominent officials of the coalition government. By virtue of his great wealth, his extraordinary aptitude for statesmanship and his great diplomatic ability he is an embryonic premier of the British empire. He sprang suddenly into prominence as well as host to the Hythe conference, where Lloyd George and Mr. Millerand met to arrange the amount of indemnity that Germany must pay the allies.

SON OF EDWARD'S FRIEND  
Sassoon is a Jew. His father, Sir Edward Sassoon, was known universally as "the friend of King Edward." His grandfather, a noted Bombay merchant prince, bequeathed him great wealth and many friends. His only sister, who was hostess to the premier, married the Earl of Rockingham. Sassoon is 31 years old, healthy, happy and unmarried. A great sportsman, fond of the good things of life, he is one of the most eligible bachelors in England. Yet he has safely escaped the cleanness of British matrons, who always are on the lookout for suitable matches for their daughters.

Sassoon was the one really interesting figure of the Hythe conference—a silent figure standing out in contrast against the background of British and French politicians and their secretaries.

SECOND DISRAELI  
He has placed his star with that of Lloyd George and is an enthusiastic admirer of the "Little Washington." Altho he has been in Downing street but a few months, he has made his presence felt on more than one occasion. Experienced politicians, wise in the ways of Westminster, predict for him a brilliant future.

REMEDIUM FOR NEURASTHENIA  
Neurasthenia is a condition of ex-haustion of the nervous system. The causes are varied. Continuous work, mental or physical, without proper attention to diet and exercise, also worry over the struggle for success, are the most common causes. Ex-cess of almost any kind may pro-duce it. Some diseases, like the grip, will cause neurasthenia. So will a severe shock, intense anxiety or grief.

The symptoms are: excessive nervous irritability, a disposition to worry over trifles, headache, possi-bly nausea.

The treatment is one of nutrition of the nerve cells, requiring a non-al-coholic tonic. As the nerves get their nourishment from the blood the treatment must be directed to-wards building up the blood. Dr. Williams' Pink Pills act directly on the blood and have proved the great-est benefit in many cases of neu-rasthenia. A tendency to anemia, or bloodlessness, shown by most neu-rasthenic patients, is corrected by these tonic pills.

Your own druggist can supply you with Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on re-ceipt of price, 60 cents per box. Write the Dr. Williams Medicine Co., Schenectady, N. Y., for the free book-let, "Diseases of the Nervous Sys-tem," containing a special chapter on neurasthenia.

THE COOLEST AND BUSIEST "LITTLE STORE" IN LIMA

## Oh! That Back of Mine!

It is many a woman's com-plaint for it seems as though it would break,—feet swell too sometimes and head buzzes. This is often due to the uric acid which accumulates in the sys-tem.  
Naturally when the kid-neys are deranged the blood is filled with poisonous waste-matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.  
Often there is pain in back or limbs.  
As a remedy for those easily recognized symptoms of in-flammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Dr. Pierce's Anurie acts; when you take this new kidney remedy of Dr. Pierce's the pains and stiffness rapidly disappear, for "Anurie" (anti-uric-acid) is many times more potent than lithia and often eliminates uric acid as hot water melts sugar, thus removing rheumatism and lumbago.  
Delphos, Ohio—"I saw an advertisement of Dr. Pierce's Anurie Tablets and sent 10 cents to Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., for a trial package. I had doctored a good deal for ten years. I often took different kinds of medicine for kidney or bladder trouble which the doctor thought I might have. Well, I never got any better. Sometimes I would be disturbed three or four times at night. Never any pain, just uneasiness. I had a soreness in my back and an awful weak back, so I wanted to see if the trial package would benefit me. I felt better from the first so I went to the druggist and got a bottle of Anurie Tablets and took all of them and never had to get up any more. After that I can say Anurie is just as recom-mended."—MRS. C. L. CRAMER.

# TIME SHORT FOR LIMA SLOGAN

Contest For \$25 Prize Will Close In Three Days

What shall Lima's slogan be? Only three more days are left in which to submit your idea of a suitable slogan to go on all stationery of business houses and be scattered broadcast in other ways to advertise Lima.

Since the announcement was made by the Lima advertising club a few days ago that \$25 would be offered for the slogan which is accepted, a heavy barrage of mail has been laid down from all quarters of the city, and among them are some good suggestions according to members of the committee which will make the selection.

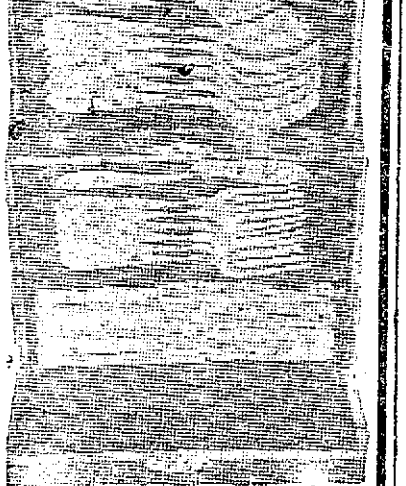

But Lima must have the best, therefore the committee wants a suggestion from every person in the city who can think of a good idea and put it on paper. It is by the slogan this committee selects that Lima is to be known to the outside world, so you are invited to do your part in helping to create a phrase suggestive of the pep and push which is Lima, and which will stick in the minds of outsiders who see it.

All communications are to be addressed as follows: Lima Ad Club, Hotel Norval, Lima.

Get Busy. Think of something "peppy" and original and mail it to the ad club this evening. If it is the best you will receive the \$25 prize.

# CLEVELAND MARCHES TOWARD SUCCESS WHILE CINCY DROPS BACK AGAIN

COVELESKIE WINS THIRD GAME OF SERIES WITH NEW YORK BY HIS OWN HITTING AND PITCHING.—1920 RULES HURT REDS

By JOE BERNSTEIN  
THAT SO-CALLED CRUCIAL series between the Cleveland Indians and the New York Yankees at Cleveland during the past few days is resulting rather gloriously for the Ohio team.

Coveleskie went into the box for the Indians in yesterday's game and made it a majority for Cleveland by winning his own game. The credit for the victory belongs to the pitcher both officially and deservedly.

Not satisfied with just pitching his way to victory, the hurler drove in three of Cleveland's five runs with a beautiful hit.

But the point of the whole series is this. Critics have been touting the Yanks as better than the Indians and they have cited the past series as proof that the Yanks would outdo the Ohio team.

But the facts were against them, and Cleveland is coming out on top, or at the least—even. Therefore, it two games out of three thus far, can be taken as any criterion the Indians have a pretty good chance of knocking off the flag in the American league after all.

Cincinnati, however, is not as safe a bet, as a flag winner. The Reds are playing rather erratically considering that they are the champs. They went down to defeat again yesterday before Brooklyn when the easterners found Fishers curves in crucial moments.

## PITCHING RULES HURT CINCINNATI

When the shine ball was ruled out by the National Commission, the president erratic playing of the Reds was practically assured. There can be little question but what the one ruling is what will hold the present champs from capturing the flag a second time.

Eller was unquestionably Cincinnati's best bet as a pitcher last year, but he is practically useless now that his shine ball has been taken away from him. Sallee too, who pitched what is today declared illegal hurling, cannot stay within the rules and win games.

Take Cincire of the White Sox. That illustrious gentleman of the slab is all out of luck. It is the

rules of 1920 that again are responsible.

Cincinnati has but one pitcher this year upon whom she can rely with security. He is Reuther. But one pitcher can't pitch a team to a pennant.

Jimmy Ring has been hurling steady ball but it takes sensational work to keep at the top. Anyway, Jimmy Ring has his jinx to contend with.

The game at Cincinnati yesterday proved that Fisher can be hit and hit hard when once a team locates his curves. So what are the Reds going to do?

There's one thing positive. They've got to slug like fools and field like demons in order to make a decent run for the honors.

## SISLER OUTDOING AMERICAN SLUGGERS

Looming up as the most dangerous contender for what Ty Cobb has always been considered famous is the former collegian and now famous first baseman for the St. Louis Americans.

To George Sisler, of whom the Browns boast, will go the honors of the year unless the other sluggers do some tall slugging.

Sisler during the past week has been hammering the ball so hard that he climbed from seventh to second place in his league in that time. His average has been set at .351 by the latest official figures. Speaker of the Cleveland Indians bests him by a very narrow margin.

## HITTING PITCHERS IS MODERN RULE

By HENRY L. FARRELL  
NEW YORK.—"Pitchers ain't paid for hitting," a Giant bird chirped in the 19th inning of a recent game, when Babe Benton hit a weak roller in a pinch.

His logic came down from the past. Pitchers of old batted mostly because the rules prescribed nine men in the batting order. The worth of a modern pitcher, however, is measured a great deal by his power with the stick.

Joining in the van of sluggers, hurlers in the major leagues this year are helping to make it the hittiest of years.

Eleven games have been broken up so far this year by the timely clout of a pitcher.

"Big Jim" Vaughn, of the Cubs, has won two of his own games with the stick.

Altho his longest clout last season was a double, he tripled in the ninth with the bases full in a game with the Pirates and won 4 to 1.

Against the Cards in another game, he singled in the ninth and got the decision.

Jack Quinn, the veteran Yankee boxman, broke into the hall of fame by hitting a home run off Coveleskie with one on, beating the Indian 2 to 0.

Alexander the Great, continued his slugging to one double last season, but he hit a homer with two down in the tenth inning of a game with the Reds and won 3 to 2.

Johnson pinch hits

Walter Johnson selected a critical moment in a game with the Browns and hit a homer with two on, winning 5 to 3. He also doubled in a pinch and beat the Red Sox 2 to 0.

To show he could do things other than pitching, also Southorn gave the Browns a 7 to 6 victory over Cleveland by doubling in the ninth inning.

Monday, Burleigh Grimes singled in the eighth with the bases filled, giving the Robins a 9 to 7 win over the Reds.

Then, there is Jim Bagby of the Indians, who helped beat the Browns with a homer and put a game on ice with the Yankees with a triple.

TRIPLES FOR WIN

Carl Mays, of the Yankees, beat the Tigers by tripling with the bases full. Fred Toney, of the Giants, also tripled with two on and beat the Reds.

Stan Coveleskie drove in three runs Monday against the Yanks, winning his game.

Scott Perry, of the Athletics, also is a member of the season's growing home run club.

Three pitchers are leading the National League in batting—Eaves, Boston, .519; Grimes, Brooklyn, .487; and Alexander, Chicago, .400.

Chie, of the Indians, who batted .302 last season, is leading American League hitters with .714 and Zachary, of Washington, is second with .406.

MULLEN WINS AT MUNICH

MUNCIE, Ind.—Hope Mullen, Sidney middleweight, won over Joe Lohman of Toledo here Monday night in a terrific ten round battle.

## FOSNAUGH ENTERS SATURDAY RACES

Ernie Fosnaugh, eccentric Belgian race pilot, is an entry for Saturday's auto races at the Driving Park race track.

Fosnaugh says, the future with the nickname of "Fearless." This is due to the fact that when the foreigner lands he is trying his best to turn as a wing-walker on airplanes.

At Dallas, Texas, last fall at the big American Legion Auto Races, Fosnaugh finished in the money after driving seven miles with one hand on the wheel.

His exhaust pipe came detached and threatened to drop into the ground, when the racer grasped the hot pipe by his right hand and crushed the rare, refusing to pull in to the pits for repairs. It took three weeks for the blisters to mend.

Fosnaugh is slated to drive the famous speedway Peugeot, a French racing creation with a string of victories to its credit. Erhel Dars's Flying Circus and Ralph Hankinson's auto polo are added events next Saturday.

# "OP O' ME THUMB" NOW "SUDS"

Mary Pickford Plays in Notable  
Picture Just Out

IT IS A SENNETT COMEDY

Facts Concerning Lima Theaters  
and New Plays

BY ESTHER WAGNER

MARY PICKFORD'S newest  
movie is notable.

The picture is made from a  
stage play "Op O' Me Thumb" and  
is entitled "Suds."

It's a comedy and funnier than  
any recent release by Mack Sennett.

Also it is pathetic, and contains  
much tragedy, the real tragedy of  
poverty, of ignorance, and of all who  
are held in its grip.

Its best feature is that it breaks  
away from trite formulas of what  
someone imagines "the public  
wants."

In London  
Mary Pickford plays a squalid lit-  
tle drudge in a cheap laundry in the  
slums of London.

But it does not wind up with the  
gutter heroine elevated to wealth  
and high social position. She mar-  
ries a laundry driver who isn't much  
better off than she is herself.

In breaking away from the formu-  
la that every heroine drudge in a  
movie must marry a millionaire this  
picture achieves an unusual degree  
of reality. This is in spite of the fact  
that the work of the director is not  
particularly adroit.

A great part of the sentiment of  
the story concerns an aged white  
horse which the laundry girl saved  
from the glue-factory.

It is recommended.
